thanks! I have some data from sampling prior to EPA sampling for you well but I don't know if it is complete so anything you can send to me prior to discussing that would be helpful.

Have a good weekend.

Hello Greg,

Here is the information for (b)(6) privacy (Landowner name) our neighbor, that I promised you at the meeting Tues. evening at John Fenton's shop:

(b)(6) privacy (Landowner name)
[redacted]
Jackson, WY 83002

Jack cell (b)(6) privacy (phone #) home (b)(6) privacy (phone #)

We sold the eastern part of our farm, and a parcel to the north of us, both in Section 11, T3N-R2E, WRM, to Jack and Amy some years back.

I'd like to get with you sometime in the near future to discuss our individual well test results by phone. Do I need to provide this info to you? I will have to search for the results that Encana gave us on the tests they ran, and have you look those over as well. I haven't kept the files very well organized, so I will try to get those to you soon.

Again, thanks so much for all your efforts and those of all your staff at EPA to conduct the groundwater investigation, and to be involved with the other aspects as well. We really appreciate it!
